

# Ham Radio Class

Entry Level Technician License  
Online Class Begins June 4, 2021

**FREE 7 session online Zoom class designed for people with no background in radio.**

**Earn an entry level FCC Technician Class license**

**Add communications to your disaster plan or CERT Team.**

**No age limit... Great hobby for families & friends to learn together. Materials are middle school reading level.**

**This class covers basic radio theory & electronics, FCC regulations, safety, radio operation, emergency communications, and more!**

**Note: This is not a memorization crash course. It is a complete Element 2 exam prep class with the goal of understanding basic ham radio so you'll be ready to get on the air. Additional study at home is necessary.**

**When: June 4, 11, 18, 25, July 2, 9, 16  
6:00pm-8:30pm PT  
In person FCC Exam: July 17, 2021\*  
Exam fee \$15 payable at the exam**

**Pre-Registration is Required**
